TITLE:                      UNIT EXTENSION & SUPPORT KIT                      KIT-271 & KIT-272

S1028  
KIT-271, 272

I. EQUIPMENT AFFECTED

A. All equipment.

II. PURPOSE

A. To permit the mounting of units incapable of supporting its own weight from the front panel, and to extend units too long for cabinet in which it is to be installed.

III. It can be determined if this modification has been completed by noting if unit extends forward beyond front of cabinet.
