DATA.

MODEL GPT-750

PURPOSE:

To assure good solid contact between RF and ground wipers  
and RF and ground contacts.

WHERE:

Model GPT-750  
RTF and cabinet/frame

WHY:

Build up of tolerances affects fit of RTF in cabinet frame  
making poor contact between RF and ground wipers and contacts.

CORRECTION:

See suggested shims on following page. Inspector to determine  
thickness of shims to hold 1/16 min. compression of wipers  
when engaged.
