TITLE: TELESIGNALS CORPORATION EQUIPMENT

APPROVED

1. When certain products of the TELESIGNALS CORPORATION are sold with TMC Model Numbers, the appearance of the front panels will be altered to conform to that of other TMC products. Specifically, panels which conform to TMC requirements as to thickness and color, and meters similar to those on other TMC equipments, will be used.

2. Material Lists for the equipments in question (e.g. RMX's, TMX's and DVC's) will call out the parts which will be required to replace corresponding TELESIGNALS parts. Provision of these parts by TMC should be noted on the purchase order to the TELESIGNALS CORPORATION and should be reflected in a reduction of the price of the equipment concerned.
